HOME SCHOOLING IN MICHIGAN

The section of the *Revised School Code* that addresses Home Schools is contained in the Michigan Compiled Laws under MCL 380.1561.

Right to Home School

Michigan parents have the right to home school their children. The law requires a parent or legal guardian of a child from the age of six to sixteen to send his or her child to school during the entire school year, except under certain limited circumstances (MCL 380.1561). The law was amended in 2010 to increase the compulsory school attendance age from 16 to 18 for a child who turned 11 after December 1, 2009, or who entered grade six after 2009. The exceptions include, but are not limited to, sending a child to a state-approved nonpublic school or educating a child at home in an organized educational program.

Who May Home School

Home school education is the responsibility of the parent or legal guardian. The parent assigns homework, gives tests and grades these tests. The issuance of report cards, transcripts, and diplomas are the responsibility of the home school family (based on internal standards). If home schooling continues through grade 12, the parent issues a high school diploma to the graduate.

Reporting Process

The annual registering of a home school to the Michigan Department of Education (MDE) is voluntary. It is not required unless the student has special needs and is requesting special education services from the local public school or intermediate school district. It is recommended that if special education services will be requested, the parent first submit a completed Nonpublic School Membership Report to MDE. This form is available on www.michigan.gov/homeschool. Before special education services are established, the school will contact MDE for verification that this process is complete. A list of registered home schools is provided to intermediate school district superintendents each December and March.

It is not required that a parent inform their local school of the decision to home school, however, it is suggested. Failure to do so may result in the student being marked absent and the involvement of the truancy officer. Notification may be a phone call or a written note to the district. Keep in mind that a written note can be placed in the student's school record indicating when the student has withdrawn from the school district.

Teacher Requirement

A parent or legal guardian that registers with MDE is qualified to teach their child if they have a teaching certificate or a bachelor's degree. However, if they claim an objection to teacher certification based upon a sincerely held religious belief, the minimum education requirement of a teaching certificate or a bachelor's degree is waived.

Course of Study

Instruction must include mathematics, reading, English, science, and social studies in all grades; and the Constitution of the United States, the Constitution of Michigan, and the history and present form of civil government of the United States, the State of Michigan, and the political subdivisions and municipalities of the State of Michigan in grades 10, 11, and 12.

MDE Recommends

Home school students may enroll in nonessential elective classes at the resident public school.

Textbooks

Home school families may purchase the textbooks and instructional material of their choice. School districts are not required to provide curriculum, textbooks, or materials to home school families. Textbooks and curriculum materials may be purchased from a teacher bookstore. Information regarding home school support services and materials can be found on the Internet.

Student Records

Parents are encouraged to maintain student records of progress throughout the year. These records will assist school personnel with placement should the student enroll in a public or nonpublic school. The granting of credits and placement of students is solely determined by the receiving school. If a student attends a home school and returns to a public school, the public school generally reevaluates the students for grade placement and the transfer of credit.

Required Testing

There are no required tests for a home school student. The parent is responsible for administering tests based upon the curriculum they use. Although not required, home school students may participate in the Michigan Educational Assessment Program (MEAP) and the Michigan Merit Examination (MME) at their local public school. These tests are managed by MDE and are administered at no cost to a home school student. For further information, please contact your local public school.

Athletics

The supervision and control of interscholastic athletics are the responsibility of each local board of education. Most local boards have adopted policies as proposed by the Michigan High School Athletic Association. Please contact the appropriate local school district or the Michigan High School Athletic Association at (517) 332-5046 or www.mhsaa.com.

Work Permits

Home school students may obtain a work permit through their local public school.

Funding

There are no public funds available for home schooling.

Additional Information

MDE's website provides additional information on home schooling that includes legislation, the registration form, and instructions. You may access this information at www.michigan.gov/homeschool. For additional information on home schooling, please call (517) 373-1833 or email Nonpublicschools@michigan.gov.
